WHITE-LABEL FRONT OFFICE · FOR SOLOPRENEURS & SMALL BUSINESSES

The front office that lets you focus on your craft.

An AI assistant that answers clients, scopes requests, books meetings, and stages every project — all under your own brand, so you can spend your time doing the work you love.

HOW IT WORKS

01

A client reaches out

On your branded page, any time of day — with a photo if it helps.

02

Your assistant replies

Answers in your voice, asks the right questions, shares a non-binding ballpark.

03

The meeting is booked

From your real calendar, with confirmation and a 24-hour reminder.

04

The project is staged

Task list, checklist, milestones, and a client progress page — ready for you.

BEFORE → AFTER

The hour you stop answering, the client's gone.

BEFORE

× Missed message → lead lost within the hour

× ~20 min per lead replying and scheduling

× Free consultations with no reminder → no-shows

× Every new project set up from scratch

WITH LINTADORE™

✓ 0 minutes of owner time per lead

Illustrative example — not a measured result. Results vary by business.
